Seafood Safe Handling Tips

- When shopping, purchase seafood last and keep it cold during the trip home.
- Keep raw and cooked seafood separate to prevent bacterial cross-contamination.
- After handling raw seafood, thoroughly wash knives, cutting surfaces, sponges and hands with hot, soapy water.
- Always marinate seafood in the refrigerator. Discard used marinade to avoid bacteria from raw juices. For basting, reserve a portion of marinade before adding raw seafood.

Buying and Storing Tips

- Meat should be firm with a fresh sea breeze aroma and no discoloration.
- Store fresh mahi-mahi in the coldest part of the refrigerator at 32 degrees for up to two days.
- To freeze, wrap mahi-mahi tightly to prevent freezer burn; date the package and store at 0 degrees for up to two months. Thaw in the refrigerator or under cold running water.

How Much to Buy

- Fillets or steaks ¼ to ½ pound per serving
- Whole or drawn fish ¾ to 1 pound per serving
- Dressed whole fish ½ pound per serving

Cooking Tips

- Mahi fillets have a deep pink center stripe that darkens when cooked. Trim before cooking to maintain the light color of fillet.
- Cook fish at 400 degrees for 10 minutes per inch of thickness of the fillet or steak.
- Cook until meat is opaque and flakes easily with a fork. Cook thoroughly, do not overcook.
- Use a grill basket or keep the skin on to prevent the meat from falling through the grill.
Char-Grilled Florida Mahi-Mahi with Vegetables

**Ingredients**
- 4 6-ounce mahi-mahi fillets
- 16 Fresh okras
- 2 Zucchinis, sliced into 1/4-inch rounds
- 2 Large yellow squash, sliced into 1/4-inch rounds
- 2 Bell peppers, sliced large
- 1 ½ Tablespoons olive oil
- 12 Grape tomatoes, for garnish
- 1 Teaspoon seasoning blend (your favorite)

**Preparation**
Preheat charcoal or gas grill to medium-high. Add all the vegetables to a large mixing bowl. Add the olive oil and seasoning blend to the sliced vegetables and mix lightly until coated. Lightly season the mahi-mahi fillets with salt and pepper. Carefully place the seasoned vegetables and fish on the hot grill. The vegetables should cook rather quickly; keep checking the underside of the vegetables for grill marks. Flip over the vegetables and continue to work the grilling surface by moving the vegetables around to the hot spot for even cooking. Grill steaks over medium-high heat for 4 minutes per side or until cooked through. The vegetables should have nice char-grill marks on them and the texture should be crisp-tender. Remove the vegetables from the grill as they become your desired doneness. To serve, arrange an even amount of grilled vegetables on each plate. Add a fish fillet on top of the grilled vegetables. Garnish with grape tomatoes and fresh herbs.
