Division News:
The Latest from the Division of Licensing

MESSAGE FROM THE DIRECTOR

The COVID-19 pandemic has altered what we previously knew as normal, and I believe that we will feel its effects for some time to come in both our personal and professional lives.

Commissioner Fried and we in the Division of Licensing are aware of the changed circumstances that you face due to the pandemic. As you will read below, the Commissioner temporarily relaxed some regulatory requirements of Chapter 493 during the crisis. Over the course of the next several weeks and months, we will seek how best to provide service to our applicants and licensees in the ‘new normal.’

Thank you all for your patience as we make our way through these unprecedented times.

THE DEPARTMENT’S RESPONSE TO THE COVID-19 PANDEMIC

Commissioner Fried’s Emergency Orders

Governor Ron DeSantis issued Executive Order 20-52 on March 9, 2020, declaring a state of emergency as a result of the COVID-19 pandemic. Realizing that the pandemic would disrupt normal operations for individuals and agencies and acting under the powers granted by the Governor’s Executive Order, Commissioner Fried issued several emergency orders suspending some of the normal regulatory requirements for applicants and licensees.

- **Emergency Order 2020-004**, issued on March 20, suspended renewal application late fees, provided 30 days’ additional time to renew licenses set to expire, provided armed security officers additional time to submit proof of annual firearms requalification training, and allowed unarmed security officer training to be conducted via live videoconferencing.

- **Emergency Order 2020-005**, issued on March 26, suspended the requirement for “Class G” license applicants to obtain a certification of physical fitness from a physician or physician assistant due to a shortage of available medical providers. The order mandated that the suspension last for 30 days.

- **Emergency Order 2020-009**, issued on April 20, extended the provisions of Emergency Order 2020-004 discussed above for an additional 60 days beyond the date of its enactment.

The Commissioner’s executive orders can be found on the [Division of Licensing’s main webpage](http://www.divisionoflicensing.gov). The provisions of these emergency orders shall remain in effect for the time periods designated in those
orders. However, these provisions will immediately end upon the expiration of Governor DeSantis's executive order. At the time of the printing of this newsletter, the Commissioner's emergency orders remain in full force and effect.

Readers of the DOL Newsletter interested in other resources may find the department’s COVID-19 information webpage helpful. In addition, all other orders issued by Governor DeSantis following on his initial order can be found here.

Division of Licensing Office Closures and Internal Operations

Along with other state government offices, the division’s nine regional offices have been closed to the public since the middle of March out of concern for the safety of customers and staff. While we don’t know the specific date the offices will be reopening, our staff continue to support our applicants and licensees through other means. The division has continued to process both Chapter 493 individual and agency applications as well as concealed weapon license applications received through the mail.

Director Hurm made a full report about the division’s operations during the COVID-19 crisis to the Private Investigation, Recovery, and Security Advisory Council at the Council's meeting on May 8. Complete details regarding the proceedings of this meeting and a copy of Director Hurm’s report are available below.

HIGHLIGHTS FROM THE PRIVATE INVESTIGATION, RECOVERY, AND SECURITY ADVISORY COUNCIL MEETINGS

Friday, February 7

• Lieutenant Colonel Daniel Williamson of the Office of Agricultural Law Enforcement (OALE) appeared before the Council at the February meeting to discuss the ways in which his division allocates resources and to explain some of the factors considered in OALE’s decision-making regarding investigative assignments. The Lt. Colonel discussed OALE’s plan to maintain an ongoing cross-training regimen so that all regulatory investigators can be assigned to handle various cases from all the department’s regulatory programs as workload requires.

• BRE Chief John Raymaker provided an update on the 2020 session of the Florida Legislature and also, briefly discussed the public meeting of the PIR SAC workgroup that the division conducted via telephone conference call on Tuesday, February 4. See the story detailing the activities of this workgroup later in this Newsletter.

• Finally, Chief Raymaker concluded his remarks to the Council by presenting his overview of the requirements of the Government in the Sunshine Act. This marks the fourth time that Chief Raymaker has made this presentation to the Council. Commissioner Fried has appointed several new members to the Council recently, and Chief Raymaker’s remarks were intended to highlight for these new members the importance of adhering to the requirements of Florida’s open government laws.

Friday, May 8

• Director Steve Hurm presented the Council with his DOL status report. A copy of his report is available here. His report included the following important highlights:
  ▷ the division’s response to the COVID-19 crisis;
  ▷ the elimination of the processing backlog in the Bureau of License Issuance and the current turnaround time of 1.25 days for application processing;
  ▷ the creation of the Second-Level Review process for purposes of quality assurance; and,
  ▷ the positive outcomes from allowing online training for the Class “D” license and the classroom portion of the Class “G” training.
• BRE Chief John Raymaker informed the Council that the 2020 session of the Florida Legislature ended without any changes to Chapter 493. Chief Raymaker concluded his remarks by discussing the division’s ongoing revisions to Rule 5N-1.113, Florida Administrative Code, the rule dealing with disciplinary guidelines, range of penalties, and aggravating and mitigating circumstances. He stated that the division is modifying this rule to describe how penalties are determined in applying disciplinary measures. The Legislature’s Joint Administrative Procedures Committee had requested this modification to make it more transparent to the public as to how the division chooses penalties within a given range.

• Lieutenant Colonel Daniel Williamson of OALE gave a brief overview of OALE activities related to Chapter 493. He said that during the week of the Super Bowl in Miami OALE performed 3,081 proactive inspections. These inspections yielded 339 violations, a violation percentage of 11%. The Lt. Colonel indicated that most of these violations were minor, involving missing or non-compliant agency identification credentials, failure to carry a license, unlicensed activity, and failure to cooperate. He concluded by noting that plans for future field operations related to Chapter 493 had been temporarily put on hold because of the pandemic emergency.

### MEETING OF THE SPECIAL PIRSAC WORKGROUP

On Tuesday, February 4, 2020, a workgroup convened at the request of the members of the PIRSAC. This workgroup’s mission was to examine the issues related to the validation of authenticity and processing of training documentation submitted to the Division of Licensing in fulfillment of statutorily mandated license eligibility requirements. Attendees at this meeting included most of the regular members of the Council and senior managers and supervisors from each of the Division of Licensing’s four bureaus.

Four main topics were discussed during this hour-long meeting included the following:

1. **The requirements of the law with respect to submission of training certificates.**
   - Chapter 493 mandates submission of certificates indicating proof of completion of professional training for five different licenses: the Class “D” security officer license; the Class “G” statewide firearm license; the Class “E” recovery agent license; the Class “EE” recovery agent intern license; and, the Class “CC” private investigator intern license. Currently, instructors and institutions issue paper certificates to their students as proof of completion of training. The students then submit their certificates with their applications.

2. **The volume of certificates submitted to the division.**
   - Because of the high demand for Class “D” and “G” licenses, most of the certificates submitted to the division are from Class “DS” schools, Class “DI” instructors, and Class “K” firearms instructors. By contrast, there are far fewer people applying for recovery agent, recovery agent intern, and private investigator intern licenses. The following statistics highlight the sheer volume of applications and certificates received by the Division of Licensing:
     - On average, the Bureau of License Issuance (BLI) processes between 30,000 and 40,000 Class “D” applications annually. In the first six months of fiscal year 2019-2020, BLI processed almost 21,000 new applications for the Class “D” license.
     - The division processes between 7,000 and 8,000 new “G” license applications each year and another 7,000 to 8,000 renewal “G” applications. In the first six months of fiscal year 2019-2020, BLI handled over 4,600 new statewide firearm license applications and almost 3,300 renewal applications.

3. **The problem of fraudulent certificate submission.**
   - Fraudulent certificate submission is a fact of life. A decade ago, the Division of Licensing was in the middle of a statewide investigation of fraudulent Certificates of Firearms Proficiency that resulted in disciplinary actions being taken against many Class “K” firearms instructors and Class “G” license holders. In a more recent example, OALE...
staff investigated a case involving an individual who was selling certificates of completion for the 40-hour security officer training course on Facebook. Given the total number of instructors (over 370 “DS” instructors; over 1,700 “DI” instructors; over 660 “K” instructors), it is difficult to know with any real certainty the scope and magnitude of the problem. OALE opens investigative cases when allegations of fraudulent certificate submission arise. In many cases, these investigations begin when application processing staff in BLI notice inconsistencies and peculiarities in certificates.

4. The one real solution: online reporting of training completion.

The meeting concluded with a discussion of how to improve the current situation. Clearly, the current use of paper certificates is cumbersome and inefficient, and the path the certificates currently travel – from instructor to student, from student to the division – opens the door for the possibility of fraud. The division plans to eventually require all instructors and institutions that provide professional training to submit training completion information directly to the division via a secure online web portal that would be accessible only by password. This innovation would reduce costs, enhance efficiency, and reduce the likelihood of at least some types of fraud. The members of the Council in attendance at this meeting were enthusiastic and unanimous in support of this idea. However, as it was made clear during the workgroup meeting, two things must occur for the division to carry out its plan. First, Chapter 493 will have to be amended by the Legislature to require electronic submission of training information. This is not a requirement that the division can mandate simply through a policy change or rulemaking. Second, once the statutory change has been made, the division will need to go through the process of developing and testing the online portal. DOL information technology managers estimate that it will take 6-9 months to complete this project.

NOTE: At the time of this meeting in February, two bills had been filed in the Legislature – House Bill 1353 and Senate Bill 1834 – that would have changed Chapter 493 to require electronic submission of training information by trainers. As has already been reported in this Newsletter, the Legislature did not pass either of these bills. At this point, unfortunately, the earliest that the online training portal is likely to become a reality is in 2021, if the Legislature amends Chapter 493 accordingly.

DOL MANAGERS ATTEND FLORIDA ASSOCIATION OF PRIVATE INVESTIGATORS MEETING

At the invitation of the executive board of the Florida Association of Private Investigators (FAPI), Director Steve Hurm and John Raymaker, Chief of the Bureau of Regulation and Enforcement, made an appearance at FAPI’s 2020 Annual Litigation and Investigators Conference on the evening of Thursday, February 6, in Orlando. Chief Raymaker discussed House Bill 1353, currently pending before the Legislature, and the many ways in which the bill’s proposals would alter the regulatory landscape for individuals and agencies in the security, private investigation, and recovery industries. After the meeting, Director Hurm and Chief Raymaker made themselves available for questions from the audience concerning various aspects of division policy and business operations.

John Raymaker, Chief of the Bureau of Regulation and Enforcement, made an appearance at FAPI’s 2020 Annual Litigation and Investigators Conference on the evening of Thursday, February 6, in Orlando. Chief Raymaker discussed House Bill 1353, currently pending before the Legislature, and the many ways in which the bill’s proposals would alter the regulatory landscape for individuals and agencies in the security, private investigation, and recovery industries. After the meeting, Director Hurm and Chief Raymaker made themselves available for questions from the audience concerning various aspects of division policy and business operations.
On April 1, 2020, the Orlando Regional Office moved its operation to a new location. The office is now located in southwest Orlando in the triangle formed by Interstate 4, the Florida Turnpike, and Kirkman Road. Regional Office Manager Maria Diaz and her staff are ready to welcome applicants and licensees at their new home to provide licensing services.

Please note the new address, telephone, and fax numbers of the Orlando Regional Office below:

5750 Major Blvd Suite 100, Orlando, FL 32819
TEL: (407) 888-8700 or 888-8740
FAX: (407) 888-8703 or 888-8704

[Google Maps link to the Orlando Regional Office]
**ADMINISTRATIVE ACTIONS**

Pursuant to Section 493.6123, Florida Statutes, the Division of Licensing is required to publish the name and locality of any licensed or unlicensed person or agency against whom an administrative complaint has been filed and a final order has been issued. The following is a list of final orders issued during the period October 1, 2019, through May 31, 2020. NOTE: When “X” precedes a license type, it designates unlicensed activity in that regulated field. EXAMPLE: “XC” indicates unlicensed private investigative activity; “XE” indicates unlicensed repossession activity.
