PUBLIC COMMENT

Ms. Harper said that she would like the Board to consider allowing the Board staff to approve Surveyor-in-Training and Endorsement applications. She said that this would allow applicants to immediately take the NCEES Fundamentals of Surveying examination rather than waiting to be approved at a quarterly Board meeting. She said that we are one of only a few states that require Board approval for Surveyor-in-Training applications. Ms. Harper said that the Board staff could approve them contingent upon approval at a quarterly Board meeting and place the applicant’s name on a consent agenda. Mr. Campanile said that he agreed with her suggestion but is not on board with in-house approvals of endorsement applications. Mr. Schryver said that he agreed with Mr. Campanile. Ms. Harper said that she would research the delegation of duties and bring it back before the Board at possibly the next scheduled Board meeting.

Mr. Justin Silva, (currently licensed in Nevada), appeared before the Board stating that he would like to become a licensed Florida Surveyor and Mapper. He said that he did not have a 4-year degree and would like the Board’s opinion on how to proceed. He said that he started his Associates degree in building technology with an emphasis in land surveying in early 2000 but did not graduate. Mr. Petzold suggested that he finish his 2-year degree and then pursue a Bachelor’s degree by distance learning.
